SPECIAL USE PERMIT CERTIFICATE

Article XI, Division A, Section 11-510 of the 1992 Zoning Ordinance of the City of Alexandria, Virginia requires that you display this Special Use Permit in a conspicuous and publicly accessible place. A copy of the list of conditions associated with the special use permit shall be kept on the premises and made available for examination by the public upon request.

Special Use Permit
Approved by Planning and Zoning: #2020-00046
August 11, 2020
SecuControl, Inc.
4721A Eisenhower Avenue
see attached report

for the following purpose:

It is the responsibility of the Special Use Permit holder to adhere to the conditions approved by City Council. The Department of Planning and Zoning will periodically inspect the property to identify compliance with the approved conditions. If any condition is in violation, the permit holder will be cited and issued a ticket. The first violation carries a monetary fine. Continued violations will cause staff to docket the special use permit for review by City Council for possible revocation.

SUBJECT: Special Use Permit #2020-0046
         Administrative Review for New Use
         Site Use: Light Assembly
         Applicant: SecuControl, Inc.
         Location: 4721A Eisenhower Avenue
         Zone: OCM(100) / Office Commercial Medium

Request
Special Use Permit #2020-0046 is a request to operate a light assembly use located at 4721A Eisenhower Avenue. The requested use includes assembly of specialty products with supporting office space in a total of 2,125 square feet of floor area. Products will be assembled with parts provided from an off-site location and will be assembled by hand with light assembly tools. Products will then be mailed to customers via third party delivery services; customers will not make purchases on premises. Hours will be from 9 a.m. to 5 p.m., Monday through Friday, with five employees.

Parking
Section 8-200(A)(21)(a) requires that all industrial buildings used other than for long-term storage purposes provide one parking space per 400 square feet of floor area used for office and 1.2 spaces per 400 square feet of floor area used for other uses.

The 2,125 square-foot tenant space includes roughly 640 square feet of office floor space and 1485 square feet of remaining floor space. According to Section 8-200(21)(a) the application will require two parking spaces for the office use and the remaining floor area requires five parking spaces.

The applicant requires seven parking spaces in total and these spaces are provided within an on-site shared parking lot.

Community Outreach
Public notice was provided through eNews, via the City’s website, and by posting a placard on the site. Notice was also provided to the Cameron Station Civic Association and posted in the Alexandria Times newspaper. No comments were received regarding the application.
Staff Action
Staff supports the applicant’s request for a light assembly use at this location. Staff does not anticipate negative impacts on surrounding properties due to the similar sound, fume, and traffic levels of other tenants in the industrial park. The limited on-site assembly activities would not generate a measurable or bothersome impact.

Staff has included the standard Special Use Permit conditions along with conditions which follow Section 11-513(v) of the Zoning Ordinance that provides specific standards for light assembly. Condition #9 requires that the odors or fumes are restricted to the property; Conditions #3 and #4 keep the site from becoming unsightly due to litter or the inappropriate storage of goods; and Conditions #11 and #12 limits noise impacts on neighboring properties.
