Once logged into APEX:

**Step 1:** Click *Apply*, then select **All** under **Plans** on the right side.

All BAR applications are included in the “Plans” category.

**Step 2:** To create a Plan, find the appropriate plan and select **Apply**.

If you are unsure which application to select, please see the Preservation website or ask a staff member. Another BAR application available in Apex is the Permit to Demolish.
**Step 3:** Select **Add Location** and add the desired address then click **Next**.

**Step 4:** Complete the **Description** field for the Plan Type and select **Next**.
Step 5: Add any contacts that are associated with the Plan and then select Next.

Step 6: Complete the following information regarding your Plan and then select Next.
CREATING NEW PLAN

**Step 7:** After completion of the More Info tab add any attachments that may be associated with the Administrative Plan and then select Next. Please note that although the screenshot says the system accepts JPGs, it does not. You will need to submit all documents as a PDF.

**Step 8:** After adding attachments look over all the information regarding the Plan and make sure it is all correct and then click Submit on the bottom right of the screen to complete the process.
Step 9: The Permit Application has been submitted successfully

Your plan was successfully created!
