

Subdivision Regulations
Draft Legislation

This draft legislation addresses the following Infill Task Force recommendation:

- Permanently adopt interim subdivision regulations (E.1)
-

11-1710 Subdivision requirements. In reviewing an application, the commission shall consider the following:

(B) No lot shall be resubdivided in such a manner as to detract from the value of adjacent property. Lots covered by a resubdivision shall be of substantially the same character as to suitability for residential use and structures, lot areas, orientation, street frontage, alignment to streets and restrictions as other land within the subdivision, particularly with respect to similarly situated lots within the adjoining portions of the original subdivision. In determining whether a proposed lot is of substantially the same character for purposes of complying with this provision, the commission shall consider the established neighborhood created by the original subdivision, evidence of which may be shown by:

- (1) Subdivision plat documents, including amendments to the subdivision over time, as well as the development that has occurred within the subdivision; and
- (2) Land in the same general location and zone as the original subdivision with the same features so as to be essentially similar to the original subdivision area.
