EXHIBIT D

STAFF RECOMMENDATION:

Planning staff recommends that the Planning Commission initiate on its own motion a change in the proposed land use for the subject property in the Seminary Hill/Strawberry Hill Small Area Plan from INST/Institutional to P/Parks and Open Space.

DISCUSSION

While processing a recent special use permit for St. Stephen's and St. Agnes Middle School on West Braddock Road, staff became aware of an error in the master plan and zoning map involving the adjacent property at 4401 West Braddock Road, owned by the City and used for tennis courts and a soccer field. The subject property is currently zoned R-8/Single Family and is designated INST/Institutional in the Seminary Hill/Strawberry Hill section of the master plan.

At the time the master plan was being prepared, staff believed the subject property was owned by the school (then known as St. Stephen's). Private schools such as this one were identified in the master plan with "Institutional" as the land use designation.

Staff, however, recently became aware that the subject property was acquired from St. Stephen's by the City in 1984 for recreational open space use. Such use of the property is consistent with the P/Parks and Open Space land use designation in the master plan and the POS/Public Open Space and Community Recreation Zone designation in the zoning ordinance.

Staff believes the current land use designation (INST), which was based on the understanding that the property was owned by St. Stephen's, is in error and should be amended to P/Parks and Open Space consistent with the current use and public ownership of the property. A separate zoning amendment recommends a change in the zoning from R-8 to POS.
