6.3 Uniform, Equipment and Appearance

6.3.01 POLICY/PURPOSE

The purposes of this directive are to establish policy for the issuance, care, maintenance and wearing of uniforms and equipment; and to establish guidelines for the general appearance of all personnel employed by the Alexandria Police Department. All previously granted exceptions or exemptions from the provisions of this policy are hereby rescinded.

The general appearance of all employees and the manner in which the Department uniform is worn provides an important public view of the professionalism of the Alexandria Police Department. An employee’s outward appearance is the first, and sometimes only, impression that the public is able to form of that employee, without substantive contact.

It then becomes a matter of importance that employees utilize the uniform and general appearance, in part, as a public statement of our professionalism. [22.1.6]

6.3.02 RESPONSIBILITIES

A. The Property Supervisor will ensure that adequate uniform and equipment supplies are maintained. [17.5.2]

B. Employees will properly care for and maintain all issued uniforms and equipment.

C. Employees will report for duty properly dressed as specified in this directive or as otherwise directed by a unit commander.

D. Commanders will ensure that uniformed employees under their command are dressed in the appropriate uniform, unless it serves a valid police purpose for them to wear civilian attire.

E. Commanders and supervisors will make decisions regarding matters of appearance, which are not specifically addressed in this directive.

6.3.03 CLASS OF UNIFORMS [22.1.6]

A. In order to standardize the wearing of the uniform, the following classes of uniforms have been established. Non-uniformed employees shall dress in a professional, business-like manner wearing conservative, non-revealing clothing. Appropriate work attire should promote modesty, health, safety, and the avoidance of distraction to others. Hair shall be styled conservatively, neat, clean, trimmed and well-groomed.
1. TATTOOS, BRANDS, BODY ART, BODY MODIFICATION

a. The following types of tattoos and brands are prohibited from being displayed while on duty or while representing oneself as an Alexandria Police Officer or as an Alexandria Police Department employee:

1) **Extremist** – Extremist tattoos or brands are those affiliated with, depicting, or symbolizing extremist philosophies, organizations, or activities. Extremist philosophies, organizations, and activities are those which advocate racial, gender, or ethnic hatred or intolerance; advocate, create, or engage in illegal discrimination based on race, color, gender, ethnicity, religion, sexual orientation, or national origin, or advocate violence or other unlawful means of depriving individual rights under the U.S. Constitution, and Federal or State law.

2) **Indecent** – Indecent tattoos or brands are those that are grossly offensive to modesty, decency, propriety, or professionalism.

3) **Criminal** – Criminal tattoos or brands are those that depict, advocate, or condone illegal conduct, such as drugs, illegal gambling, prostitution, vice crimes, gang membership or gang-style conduct.

b. Tattoos or brands, regardless of subject matter, are prohibited on the head, face (except for permanent makeup), neck (anything above the t-shirt neckline to include on/inside the eyelids, mouth, and ears), and hands (below the wrist bone), except employees may have one ring tattoo on each hand, below the joint of the bottom segment (portion closest to the palm) of the finger.

c. Employees are prohibited from any form of body mutilation, which is willful mutilation of the body or any body parts in any manner, that is visible while on duty or while representing oneself as an Alexandria Police Officer or as an Alexandria Police Department employee. This prohibition does not include authorized medical alterations performed at a medical treatment facility or cosmetic, reconstructive, or routine/common plastic surgery procedures. Examples of unauthorized body mutilation include, but are not limited to such extreme modifications as tongue bifurcation (splitting of the tongue), ear gauging (enlarged holes in the ear that are greater than 1.6 mm, unnatural shaping of the teeth, ear pointing (or elfing), scarification (cutting to create intentional scarring), or body modifications for the purpose of suspension (hanging by body hooks).

d. **Mitigation**: Employees who have tattoos, brands, or modifications that are contrary to this policy (or questionable with regards to) are responsible to ensure that the tattoo, brand, or modification is not visible during their work shift or while representing oneself as an Alexandria Police Officer or as an Alexandria Police Department employee. The concealment can be accomplished through make-up, skin-toned sleeves, clothing that covers the tattoo, brand, or modification, and/or removal. The preceding list is not
intended to be all-inclusive of acceptable mitigation methods. The responsibility of concealing a tattoo, brand, or modification that is contrary to this directive rests solely with the employee.

e. Handling of Violations: The purpose of this policy is uniformity of professionalism among Alexandria Police employees, not discipline. Any employee becoming aware of his/her own tattoo, brand, or modification being in violation of this policy will first be expected to comply with the mitigation requirement(s) above. If the notice comes from a supervisor or commander, the supervisor or commander should ensure a non-disciplinary note is placed in the employee’s Blue Team file. Only when an employee refuses to comply (after review of the modification or if the employee declines review) should more formal disciplinary measures be considered.

f. Review of Tattoos, Brands, Modifications: Any employee who feels his/her tattoo, brand, or modification is compliant with this policy after having been notified that it is not may request to have the tattoo, brand, or modification reviewed by the Chief of Police or his/her designee for a final determination. That ruling shall govern the employee’s handling of the tattoo, brand, or modification and shall also be recorded in Blue Team.

2. FACIAL HAIR

a. Beards – For sworn employees, full beards, ear to ear are permitted. Mustache/goatee combinations are also permitted. The beard will typically not exceed ¼ inches in length, be neatly trimmed and not present a bushy or unkempt appearance. Beards must have a natural appearance. Facial hair with designs and colors are not permitted.

b. Moustache – For sworn employees, mustaches shall be neatly trimmed and not extend below, nor extend more than one-half inch beyond the corners of the mouth.

c. Sideburns – Sideburns shall extend no further than the bottom of the ear, be naturally even, and end with a horizontal line.

d. Fit Test – Under no circumstances shall facial hair interfere with the employee’s ability to pass fit testing on standard equipment.

e. Exemptions:

i. Undercover and/or plain clothes officers may be exempt if approved by the Chief of Police, or designee.

ii. Civilian employees may wear a beard with approval of their division commander. If worn, the beard shall be neatly trimmed and not present a bush or unkempt appearance.

3. Police officers and Special Police Officers will conform to the following standards:

   a. HAIR

   Male officers will keep their hair clean, neat and evenly trimmed at all times while on duty or in uniform. When groomed, hair will not protrude more than two inches from the side of the head. The hair will be gradually tapered so that it does not protrude outward over more than the top 1/3 of the ear, and so that it gives an overall even appearance. The hair will at no point extend over the shirt collar in normal posture.

   Female officers will keep their hair clean, neat, and styled to present an appearance consistent with the type of duty performed. When in uniform, the officer’s hair will not extend below the bottom edge of the shirt collar. Hair that hangs below the bottom of the shirt collar will be secured. When secured, hair will hang no lower than the uniform shirt seam that runs between the shoulder blades. In no cases should hair be subject to blowing in the officer’s face, and the hairstyle will not interfere with the wearing of issued headgear. Wigs or hairpieces of a color close to the natural hair color may be worn if they conform to these standards.

   b. HAIR ORNAMENTS

   Police officers are not permitted to wear hair ornaments except for items needed to hold hair in place. Such items will be plain, a color to blend with the hair, and worn unobtrusively.

   [41.3.4]

   c. MAKEUP

   Makeup, if worn, will be subdued and natural looking.

   d. FINGERNAILS

   Police officer’s and SPO’s fingernails may extend a maximum of 1/4 inch beyond the tips of the fingers. Polish, if worn, will be clear or opaque.

   e. EXCEPTIONS

   For safety or to accomplish a police purpose, Division Commanders may exempt officers in specialized assignments from these personal appearance standards.
standards except that there may be no exceptions to the provisions of Police Directive 6.3.9.C.1, relating to tattoos, body modification, art and brands.

f. JEWELRY

Plain style watches, rings, service medals and medic alert bracelets may be worn with the uniform. Plain, stud-type earrings (no more than two per ear) may be worn by female officers. No other visible jewelry of any type whether attached to the body by piercing or any other means is permitted while wearing the department issued uniform.

6.3.14 RETURNING UNIFORMS AND EQUIPMENT
Upon termination of employment, employees will return to the Property Section all issued uniforms and equipment. Employees will schedule an appointment with the Property Section for this transaction in order to ensure ample time for the review and sign-off on returned items.

Officers that retire or resign from the Police Department will return their equipment two weeks prior to their last day. These employees will be assigned to an administrative function during this time and will only possess the minimal amount of equipment necessary for their job function (e.g. access cards, weapon, ID, badge etc.)

A. Employees who return uniforms and equipment will ensure that uniforms and equipment are returned as follows:

1. Serviceable clothing will be clean and pressed.
2. Leather gear is to be clean and polished.
3. All other equipment is to be clean and in operable condition.

(Failure to do so may result in delayed sign out and/or being held financially liable.)

B. When, (except for normal wear and tear), clothing or equipment is determined by the Property Supervisor to be unfit for immediate reissue, employees will be offered the option of correcting the discrepancies or paying the cost of the corrections. Payment for items damaged or lost due to neglect or abuse may be assessed in accordance with financial responsibility section of this directive. Officers that are determined to have a financial liability will not receive their duty weapon, credentials or badge; if they are eligible to receive these items, until the financial responsibility is resolved.
