Cameron Run Park Planning Process and Conceptual Design

PUBLIC MEETING NUMBER 1
March 2, 2017
Agenda

• Welcome and introduction
• Project Overview and Goals
• Cameron Run Park and Context Presentation
• Discussion
• Small Group Work
• Reporting Out and Next Steps
Key Team Members

John Fennell, PLA, LEED GA
Project Manager
Landscape Architecture and Urban Design

Diana Hartman, AICP
Park Planning
Senior Planner

Ken Mobley
Public Engagement
Director of Alexandria Planning
Meeting Ground Rules

• Everyone’s opinions are important and valid

• Meetings will begin and end on time

• Follow the agenda, please stay on topic

• Be respectful and courteous - avoid dominating the conversation

• Questions are welcomed

• Please silence cell phones and other mobile devices

These ground rules were developed for Alexandria’s Civic Engagement Handbook
Goals of the Process

• Make sure that the community has a comprehensive understanding of the project and site issues

• Collect/Understand/Communicate the different viewpoints of the Community

• Make Recommendations to Recreation, Parks and Cultural Activities as to the Highest and Best use for the Cameron Run Park

Cameron Run Regional Park

NOVA PArks

ABOUT NOVA PARKS

[Information about park facilities and activities]

[Logos of Michael Baker International and Urban Design Studio]
Understanding Cameron Run Park LEASE

- Land owned by City of Alexandria
- Leased to NOVA Parks (then NVRPA) in 1981
  - 40 year lease for $10.
- City pays $4.46 per resident to NOVA Parks to be a member = +/- $684,000 per year
  - $2.57 (capital) + $1.89 (operating) = $4.46
- Lease amended in 1991 and 2002 to reduce area from original 53 acres to current 25.8 acres
- NOVA Parks lease set to expire in 2021
- 2016 NOVA Parks proposes 20 year lease extension
Understanding Cameron Run Park ZONING

- Park is in a Public Open Space Zone (POS)
  - To preserve and enhance Alexandria’s publicly owned open space
  - To protect the natural and developed amenities they possess
  - Allow only development which respects and is consistent with those amenities

- Permitted uses – natural unimproved areas, improved outdoor recreational areas.

- Special Permit – Rec buildings, mini golf, amphitheaters, refreshment stands, etc.
NOVA Parks DSUP – proposed improvements

• 2014 NOVA Parks proposes improvements and changes to Cameron Run – Plan approved by City
Cameron Run Park - RPA

- RPA = Resource Protection Area – created 1988 – City mapped 1992
- Sensitive environmental corridors – intended to be preserved in a natural condition
- Defined as a 100 ft. buffer from streams with perennial flow
- RPAs are a key component of The Chesapeake Bay Act program
  - designed to improve water quality in the Chesapeake Bay and its tributaries by requiring the use of effective conservation planning and pollution prevention practices when using and developing environmentally sensitive lands
  - Allowed uses in an RPA: fishing, bird watching, hiking, boating, and canoeing. Except under very specific circumstances, new development in the RPA is limited to those that are considered "water dependent uses."
- All exceptions to the Resource Protection Area requirements must go through a public hearing process
Cameron Run Park - RPA

RPA Area: 14.0 acres

Site Total: 25.8 acres

Site minus RPA: 11.8 acres
“Protected” means that the natural resources that exist in the area should be protected and managed as natural resources (this is labeled as passive recreation), and that there would not be any active recreation near the area (except for soft and walking trails).
Cameron Run Park – RPA + Passive Recreation Areas

RPA Area: 14.0 acres
Site Total: 25.8 acres
Site minus RPA: 11.8 acres

Passive Recreation Area

Eisenhower West Plan

Small Area Plan - Illustrative Plan
Redevelopment is expected to take place over a timeframe of 25-30 years, depending on market conditions and funding for infrastructure improvements. The illustrative plan shows one potential way in which the plan area could redevelop. The Plan does not require building locations, footprints, parks and open spaces to be designed or developed as shown, so long as the vision for redevelopment expressed by the community, the principles contained in this document, and the City of Alexandria’s standards for redevelopment are met.
