RE: No Left Turn Pilot Project at King and Union Streets

Please allow this memo to serve as the Waterfront Commission's request to rescind the No Left Turn Pilot Project which you implemented at King and Union Streets. This has become a nightmare for residents, visitors, and the business community. We will not bore you with details, however, we are happy to make ourselves available to share our experiences at King and Union Streets.

As a possible solution, we highly recommend that you consider stationing a uniformed officer at peak hours at King and Union Streets. An Alexandria police officer with authority, and a whistle, will gain much more respect and attention than these dreadful signs, and he/she will offer a solution to what is currently chaos at the intersection of King and Union Streets.

Thank you for your consideration.

Sincerely,

Charlotte A. Hall

Chair, Alexandria Waterfront Commission.
