November 3, 2014

Ms. Dana Wedeles
Park Planner
City of Alexandria
1108 Jefferson Street
Alexandria, Virginia 22314

Dear Ms. Wedeles:

It is my pleasure to inform you that the Department of Conservation and Recreation (DCR) has received approval from the National Park Service (NPS) on your Land and Water Conservation Fund (LWCF) grant application for a new playground and open-space area at Eugene Simpson Park in Alexandria.

The LWCF is a 50/50 matching, reimbursement program administered by DCR in partnership with the NPS. The maximum grant award approved for your project is \$200,000.00. The minimum total project cost for receiving the full grant award amount is \$400,000.00. The grant agreement, reimbursement procedures and reporting requirements will be explained during the award meeting scheduled with you for Tuesday, November 18, 2014. It is imperative that the procedures and requirements be strictly adhered to throughout the life of the grant.

We look forward to working with you on this Land and Water Conservation Fund grant.

Sincerely,

A handwritten signature in black ink, appearing to read "Danette M. Poole".

Danette M. Poole
Planning and Recreation Resources Division Director
And LWCF Alternate State Liaison Officer

C: Synthia Waymack, DCR
