

## Project Costs and Scope of Work:

### **Chinquapin Recreation Center's HVAC Renovations and Upgrades is actually two projects within one!**

- I. HVAC Work: This concerns replacement of major mechanical components, equipment, ductwork, piping, and roof top units with new. The new system will increase patron comfort throughout the center. Additionally, completed work will allow remote control system access for immediate adjustment of settings.
  
- II. Architectural Work: This concerns replacement and improvement of various architectural systems. New work includes installation of new storefront for the pool office, new south entrance, storefront system for compliance with Americans with Disabilities Act (ADA), new vented all-metal lockers at men's and women's locker rooms, and other miscellaneous improvements such as new ceilings, new paint finish, and new signage.

Total HVAC Work .....	\$1.5 million dollars
Total Architectural Work .....	\$465 thousand dollars
Project Budget.....	\$2.0 million dollars.
