BREAKOUT SESSION EXERCISE: 1 = Agree; 2 = Unsure; 3 = Disagree

ALTERNATIVE D - WATERFRONT CORE AREA Questions

1. Does Alternative D incorporate the most desirable elements of the previous Alternatives?
2. Does Alternative D retain the appropriate scale and character for Alexandria?
3. Do you like how Alternative D responds to the relocation of the Old Dominion Boat Club?
4. Is there anything that you would like to add or subtract from Alternative D?

GROUP RESPONSES TO QUESTIONS

Group # 1 Responses/Comments
Question #1: Yes.
Question #2: Yes = 1; Unsure = 2.
Question #3: Good solution in terms of design, but expensive.
Question #4:
- More private slips
- More marina activity
- Allow more transient boating locations
- Find a balance between residents and transient boating needs.

Group # 2 Responses/Comments
- Where are the private slipholders’ slips?
- Overlook blocks the view
- Move pavilion to SW corner of Fitzgerald Square
- Pavilion could be a heavier structure elsewhere
- Public boat launch needed (trailered boats)
- Skating rink at Market Square
- King Street pier view – good
- More buffer needed between ODBC lot and promenade . . . add green space
- Likes simplicity of promenade
- Gradual development to keep it new
BREAKOUT SESSION EXERCISE:  1 = Agree;  2 = Unsure;  3= Disagree

ALTERNATIVE D - WATERFRONT CORE AREA QUESTIONS

1. Does Alternative D incorporate the most desirable elements of the previous Alternatives?
2. Does Alternative D retain the appropriate scale and character for Alexandria?
3. Do you like how Alternative D responds to the relocation of the Old Dominion Boat Club?
4. Is there anything that you would like to add or subtract from Alternative D?

GROUP RESPONSES TO QUESTIONS (Continued)

Group #3 Responses/Comments

Question #1: Yes; likes D better than C
- Likes organization along The Strand
- D is better than the Diagonal
- Likes access to the water
- Unclear where visiting boats go – maybe expand the piers
- Likes having more space to/along Torpedo Factory
- Ice skating rink ok in season
- Likes representation of the ferry terminal with viewing platform
- Likes small scale spaces
- Likes raised pavement
- Likes outline of wharves

Question #2: Scale is good

Question #3: Yes

Question #4: Crane to put boats in water

Group #4 Responses/Comments

Concerns:
- Parking for ODBC (see below – response to question #3)
- Seaport Foundation (COA subsidy, Grants, aligned vision)
- Displacement?

Question#1: Yes; incorporates most desirable elements.

Question #2: Yes; Likes rooms; trees provide visual breaks; water feature is great.

Question #3: Parking not a favorite – as alternative, use existing garage; put some underground; green zone along the promenade; green the parking; park under building at ground level and building above.

Question #4:
- Cupola masks the views; align the Overlook with the pumphouse
- Shade structure blocks the views and is too flimsy
- Add a stage or platform
- Don’t replace massing at ODBC existing site (keep historic)
- Likes to the continuous promenade
BREAKOUT SESSION EXERCISE: 1 = Agree; 2 = Unsure; 3 = Disagree

ALTERNATIVE D - WATERFRONT CORE AREA QUESTIONS

1. Does Alternative D incorporate the most desirable elements of the previous Alternatives?
2. Does Alternative D retain the appropriate scale and character for Alexandria?
3. Do you like how Alternative D responds to the relocation of the Old Dominion Boat Club?
4. Is there anything that you would like to add or subtract from Alternative D?

GROUP RESPONSES TO QUESTIONS (Continued)

Group #5 Responses/Comments
Question #1:
• Wants the marina to look like a marina. More slips for residents are needed. They add to the character and ambience.
• Wants pedestrian friendly, open feel that allows visitors to locate the water
• Need to be better stewards of current assets.
• Mix of public and private slips needed.
• Questions about buskers
• Concern about commercial boats.

Question #2:
• Does not fit with the historic feel.
• Wants something unique, not like every other place.
• Likes intimates rooms/multiple uses.
• Likes continuity and existing historic design elements.

Group #6 Responses/Comments
Question #1: Yes in general it does incorporate previous features
• Design something reminiscent of the Beachcomber:
• Some added features are better – observatory.
• Need way to mitigate potential debris

Question #2: Not different from Alt. C
• More subdued than expected which is practical.
• Iconic art is important
• Shade screen and observation tower
  o Takes from complete view to river and sky – should be summer only
• Good proportion of green space
• Character – critical to have materials – environmentally friendly and reuse existing materials

Question #3: Perfect Solution
• Opens up Fitzgerald Square
BREAKOUT SESSION EXERCISE: 1 = Agree; 2 = Unsure; 3 = Disagree

ALTERNATIVE D - WATERFRONT CORE AREA QUESTIONS

1. Does Alternative D incorporate the most desirable elements of the previous Alternatives?
2. Does Alternative D retain the appropriate scale and character for Alexandria?
3. Do you like how Alternative D responds to the relocation of the Old Dominion Boat Club?
4. Is there anything that you would like to add or subtract from Alternative D?

GROUP RESPONSES TO QUESTIONS (Continued)

Question #4 (Group #6 Continued):
- Debris mitigation in central marina area
- Pop up commercial such as coffee stands, small markets
- Civic building use for boat building shop
- Trolley turn table
- Green roofs - sustainability

Group #7 Responses/Comments

Question #1: Yes
- Fuller realization of the original plan
- Variety of previous activities retained
- Adds parkland to the river

Comments/Suggestions
- Include the provision of restrooms near the King Street pier
- Add wayfinding for arriving guests – featuring information about historic sites in Alexandria and along the water
- Archway – include the archway from the Ferry Building; it is a historic feature
- Figure out motorcoach and trolleys
- Flood lines – include flood lines to ensure this will be durable
- Design has a bit of a hard edge – needs more greenery
- Civic building – questions remain on square footage and its use (s) (Will be addressed in next phase)
- 2 Duke Street may be an opportunity to explore for a museum, SF, art, etc.
- Call out the Seaport Foundation
- Waterfront Park
  - What happened to the stage off Waterfront Park?
  - Can more slips be added? Concern about loss of leased slips.
- What are next steps relative programming?
- Make sure there is adequate infrastructure to support activities
- Extend attention to ambience up King Street for consistency
- Look from river is important – need to add a view from there
ALTERNATIVE D - WATERFRONT CORE AREA QUESTIONS

1. Does Alternative D incorporate the most desirable elements of the previous Alternatives?
2. Does Alternative D retain the appropriate scale and character for Alexandria?
3. Do you like how Alternative D responds to the relocation of the Old Dominion Boat Club?
4. Is there anything that you would like to add or subtract from Alternative D?

BREAKOUT SESSION EXERCISE:  1 = Agree;  2 = Unsure;  3 = Disagree

GROUP RESPONSES TO QUESTIONS (Continued)

Question #2 – Yes (Group #7 Continued)
   • Likes that the design follows the street grid
   • Likes small spaces
   • More viewshed needed from Union to the river
   • Ice skating rink is aligned with the character – helps to activate the area in winter and it is an important activity for families
   • Ice skating rink – opposed to it

Question #3 – Yes
   • Ask the boat club if they agree
   • ODBC has agreed with their acceptance of the offer
