October 16, 2013

The Honorable William D. Euille  
City of Alexandria, Virginia  
301 King Street, Suite 2300  
Alexandria, VA 22314

Dear Mayor Euille:

The ODBC Board of Governors met last night and authorized an amendment to the ODBC proposal sent you on October 11, 2013. This requires an amendment principally to two of the points in the previous ODBC communication. The first is the granting of the City's request, and principal priority, for a walkway along the river's edge in front of the ODBC parking lot (concept enclosed). The second is the size of the walkway to be provided along the western edge of the ODBC parking lot which is to be negotiated to less than 25 feet in order to account for the additional square footage given for the walkway on the eastern edge. ODBC is pleased to be able to narrow the gap between its vision for the future of its property and the City's vision, we are aware that liability and logistical details remain.

We look forward to working with you to achieve our mutual goals.

Very Truly Yours,

Eric DeSoto
