

Underground Transmission Line Working Group

February 21, 2018

Overview

- Recap of January meeting
- Working Group Background, Mission and Goals
- Goal for Tonight's Meeting
 - Meeting Update
 - Working Group informational discussion and evaluation of the Potomac Avenue alignment

Working Group Background

- Mission & Goals:
 - Convened by City Council in June 2014 with members appointed by the City Manager in September 2014
 - Representation of the civic organizations in the communities possibly affected by the project, & boards, commissions, business community
- Working Group charge:
 - Make *recommendations to staff, City Manager & City Council about quality of life, economic, electric reliability, environmental and transportation impacts* from proposed project

Goal for Tonight's Meeting

- Meeting Outline
 - Presentation by Dominion
 - Working Group Q&A
 - Opportunity for Public Q&A (written questions & community open house)
- Working Group Action
 - No action is needed for tonight meeting. This is an informational meeting to discuss the Potomac Avenue alignment, presented by Dominion, its criteria and review Dominion responses to the Working Group questions regarding this alignment in preparation for a future action meeting

Next Steps

- Recommendation (yes/no/maybe) from Working Group in next future Working Group meeting in March, 2018
- Dominion-led community open house
- City Council consideration (if any change to Dominion's expected submission to state)
