Mr. Arthur Impastato – Cameron Station Civic Association
Ms. Janet Jaeger – Summer’s Grove Association
Mr. Dan Anixt – Townes at Cameron Parke:

At the request of Mayor Euille, Norfolk Southern will host a meeting to present an overview of the construction project to reconfigure the NS Van Dorn Street railroad yard. Our construction project will improve material transfer safety and railcar utilization on the existing property footprint. This meeting supplements our June 17, 2014 Open House technical meeting at the Mark Center.

We have reserved a meeting room at *London Curry House restaurant (191 Somerville Street)* on Wednesday December 9, 2015 from 7:00 to 9:00 PM. Curry House will provide space and food to accommodate four (4) representatives from each of your respective communities in addition to the Norfolk Southern team and interested City officials.

Please RSVP to me via email below, and include the names of your guests. We appreciate your interest and time.

Respectfully,

Scott Muir
