**MARK CENTER PROJECT
MID-TERM TRANSPORTATION IMPROVEMENT UPDATE
(N. BEAUREGRAD ST. NORTHBOUND/SEMINARY RD.
EASTBOUND INTERSECTION)**

ALEXANDRIA – On Monday, April 15, a new dedicated right turn lane will open at the N. Beauregard St. Northbound (NB), and Seminary Rd. Eastbound (EB) Intersection. At the same time the existing right turn free flow access from N. Beauregard St. NB to Seminary Rd. EB will be temporarily closed for reconstruction. During that time, the traffic from N. Beauregard St. NB heading towards Seminary Rd. EB will be directed to the new dedicated right turn lane at the intersection.

When this improvement is complete this summer both the new dedicated right turn lane at the intersection, and the reconstructed free flow lane will be available for vehicle usage. This road upgrade will enhance the local traffic flow through the N. Beauregard Street and Seminary Road intersection.

For more information or to sign up for lane closure notifications associated with these projects, log on to vamegaprojects.com or markcenterroadproject.com.
