

**City of Alexandria
Transitway Corridor Feasibility Study**

COMMENT FORM

We would like to hear from you on what you think we should know or consider as part of the Transitway Corridor Feasibility Study. Please provide your comments below, and return to us today or mail it to the address below. Thank You!

What are your thoughts on the recommendation for Corridor C (Beauregard / Van Dorn)? Do you have any suggested changes?

What destinations or major activity centers should Corridor A (Route 1 / North-South) serve? Where should the transitway stay away from?

What destinations or major activity centers should Corridor B (Duke Street / Eisenhower Avenue) serve? Where should the transitway stay away from?

(You may provide additional comments on the reverse side if needed)
