

Joint Alexandria Transit Company (ATC) Board / Transportation Commission Meeting

**Thursday, September 27, 2018, 6:30 p.m. – 8:30 p.m.
Alexandria City Hall - 301 King Street, Room 1101 (Sister Cities)**

The City of Alexandria and DASH will be holding a joint ATC Board / Transportation Commission meeting on **Thursday, September 27, 2018**. This meeting will be open to the public. The joint meeting will be to provide an overview of the Alexandria Transit Vision Plan and discuss transit needs and trade offs. A presentation will be given by Jarrett Walker, an international transit planning expert and the author of Human Transit. Mr. Walker specializes in helping communities understand the basic geometry of transit, so that they can have clearer conversations about their priorities. In his 25 years in the field he has also led projects to redesign transit networks for cities across North America, Europe, Australia, and New Zealand.

The Alexandria Transit Vision Plan will identify existing and future bus transit needs and community priorities as a basis for designing a future bus network that improves mobility, accessibility, and overall cost efficiency. The development of the plan will include a significant public engagement process. As part of this study, there will be three workshops to receive stakeholder input to staff, and these workshops will be used to help supplement the public engagement process.
