## Night Paving on King St. & Beauregard St.

TO: All businesses and residents

**The City of Alexandria plans to mill and pave King St. from Beauregard St. to Dawes Ave. and Beauregard St. from King St. to the split median on Beauregard St. at night, both sides of the street, including all lanes. The duration of this project will be from August 2, 2015 thru August 7, 2015, 8:00pm to 5:00am excluding weekends, weather permitting.** While it is our intent to complete the work on the days indicated, weather or equipment problems may cause delays, in which case the project will be completed as soon as possible thereafter. Please be aware of the following during this project:

1. No vehicles may be parked on the affected streets for the duration of the project. Temporary No Parking signs will be posted prior to any construction activity. In the event of delays, temporary signs will be adjusted accordingly.
2. Traffic in the immediate and surrounding area may need to be re-directed. Please observe traffic detours and other traffic signs.
3. Construction crews have been instructed to minimize impact to overhanging tree branches. Our City Arborist will be monitoring the situation and some minimal removal of low-hanging limbs may be required.
4. City T&ES staff will be on the scene for the duration of the project.
5. Streets will be re-striped as soon as practical following resurfacing.

For more information about the City's paving program, visit [www.alexandriava.gov/publicworks](http://www.alexandriava.gov/publicworks)

You may direct questions or concerns to our call.click.connect staff at 703.746.4357.

We apologize in advance for any inconvenience you may experience during this project and the City appreciates your patience and support.
