

Hi Rich and Yon

Terrific report! Thanks again for your guidance and effort.

I have a couple of suggestions re language and typos and then a couple of thoughts.

First, language. Pg 6. Too much use of "incorporate." Suggest saying that the MCTF "recognized the incorporation" rather than "focused to incorporate"

Pg 7 "...encouraged community input"

OTCA meeting Jan 14 2009, not 2008

Pg 34 "though vital" not through vital

...limits on certain motorcoach trip types. Shouldn't we mention drive through east of Washington Street? These provide the least benefit to Alexandria.

Pg 42 cause "severe" not several

Pg 46 Do not understand "...spot across...?"

Now, a couple of thoughts.

Page 33 Designated routes.

I think that this is confusing as you state that the MCTF did not agree on designated routes and that this is an issue to be decided by the on-going group, but then list the 5 east-west bound streets and the 4 north-south streets. Perhaps state "The following routes were considered, based upon the criteria listed in the spread sheet, to have the greatest potential as possible designated routes." I am afraid that readers of the document will see just the routes and not look at the first paragraphs in this section.

Another point needs to be clarified. How are we going to gather data over the next year? This is mentioned several times but not made more specific (other than the APD noting tickets written). Who? By what method? should be answered.

Again, thanks for pulling this together!

Ellen
