Administrative Items

- Bill will be providing an update on EAP implementation during the Council session next Tuesday, 4/13.
- Prior to the meeting, Patricia emailed a compilation of meetings and events she participated in since the previous EPC meeting (including green restaurant expo, Beauregard corridor, and a Covanta tour among other items). Phil also emailed the latest developments from the Ft. Ward advisory group.
- Bill mentioned an issue brewing with respect to the proposed green roof at the Burke Library. The head of the library board has raised concerns about spending money on the roof given the budget situation, but a citizens library group have expressed support.

EAP Implementation

- EPC members split into two subgroups to work on key implementation issues. One group reviewed outreach presentations and developed ideas for new outreach opportunities; the second group reviewed the Eco-City audit tool and current social networking tools.
