Staff & Committee Updates

- Peter was representing EPC at the Waterfront presentation this evening.
- Proposed indicators will be the focus of the next ECG/EPC joint meeting, May 11.
- Prior to the work session, Patricia submitted a summary of recent meetings regarding BRAC and ARHA community gardens, as well as the results of some research related to the Del Ray BBQ restaurant issue.
- The next adopt-a-block cleanup is scheduled for Sunday, May 16 at 9AM. EPC members should do outreach to solicit additional volunteers.

Del Ray Restaurant Issue

- EPC members agreed that the Chair would submit a letter to Council agreeing with staff recommendations to approve the SUP for the BBQ restaurant, based on the modeling that shows minimal particulate emissions are expected. P&Z plans to include a standard performance-based condition in the SUP, where the owner must address any complaints (e.g., odor) in order to stay in operation. The letter will emphasize that we encourage citizens to approach EPC with such concerns about activities around the city that may require EPC attention.
