To: Yard Waste Collectors  
Re: Annual Tonnage Reports

Enclosed is a copy of the City of Alexandria's **Annual Yard Waste Collection Tonnage Report** form for **Calendar Year 2012**. Section 5-1-95(e) of the City of Alexandria municipal code requires all transporters of solid waste or recyclable materials (*including yard and lawn debris*) to submit an annual tonnage report to the Department of Transportation and Environmental Services.

For your convenience, an electronic copy of this Form in PDF format is also available on the City's web site at: <http://alexandriava.gov/SolidWaste>. Look for the Quick Link on the right hand side named "**Solid Waste Hauler Permitting and Reporting**" to locate the proper file.

The purpose of this annual report is to document the total tons of yard waste and storm debris collected from properties located **within the City of Alexandria** (*ZIP code list provided*), so that the City can calculate its annual recycling rate in accordance with Virginia DEQ requirements.
