History of Health Insurance Plan Design Changes Implemented to Reduce City Health Insurance Costs

- July 1, 2000 Increased physician co-pays to \$10 per month for Kaiser and GWU health HMO Plans; implemented HMO option for Optimum Choice with \$15 physician co-pays (previously Optimum Choice was point-of-service POS only).
- July 1, 2001 Implemented \$20 physician co-pay with GWU health plan; changed the prescription drug co-pays under Optimum Choice to \$10 generic, \$20 preferred/brand, and \$35 brand.
- Jan. 2002 GWU Health Plan went out of business; went out to bid for health insurance and Kaiser and Optimum Choice reselected as most cost effective alternatives.
- July 1, 2002 Increased physician co-pay with Kaiser from \$10 to \$15 to be consistent with Optimum Choice plan for active employees.

- Jan. 2005 Implemented changes to Kaiser Medicare program for retirees (including \$10 physician co-pays.
- July 1, 2005 Initiated combined City Government and School program for health insurance, allowing Schools to offer Kaiser to school employees and reducing overall City and School costs.
- Jan. 2006 Implemented Medicare Part D for retirees. Kaiser retiree Medicare rates reduced January 1, 2006. Optimum Choice benefits still to be determined based on Medicare D prescription rebates.

Comparison with Neighboring Jurisdictions of Health Benefits for Active Employees

	Alexandria	Fairfax	Arlington	Montgomery	Prince Georges
% of Premium Paid by Govt.

Projected Health Benefit Premium Increase for FY 2007
(Assuming No Change in Plan Design)

- Optimum Choice – 22.1%
- Kaiser – 12.8%
- Combined – 17.6%
- Additional cost budgeted for active employees due to premium increase – \$2.7 million
- Additional cost budgeted for retired employees due to premium increase – \$0.3 million

Possible Plan Design Changes Through Increased Co-Pays

- 2.9% savings (about \$635,000)
 - Physician Specialist visit from \$15 to \$25
 - Emergency Room from \$50 to \$75
 - Out-patient hospital services from \$50 to \$100
 - Prescription drugs from \$10 (generic) /\$20 (formulary) /\$35 (brand) to \$25 (formulary) / \$40 (brand) – with no change to generic

Other Potential Options to Reduce Costs

- Shared Risk Rating with Schools
- Self-Funding
- More Employee Premium Cost Sharing

Current Retiree Health Insurance benefits

- Maximum contribution currently \$260 a month or \$3,120 a year
- Applied to health plan or reimbursed
- 803 retirees currently served
 - 581 in City health plans
