

APPLICATION - SUPPLEMENTAL

FREESTANDING SIGN

Supplemental information to be filed by applicants requesting special use permit approval of an additional freestanding sign. A plat showing the location of all existing and proposed signs and elevations of all proposed signs must be submitted.

1. How many freestanding signs exist on the property?

2. Please provide the size of each existing freestanding sign(s), including, length, width and square footage of the sign face, and the height of the sign above grade.

3. Provide the length of frontage for every street that the subject property touches.

4. How many businesses are located on the property?

5. How many signs are proposed?

6. Provide the size of each proposed freestanding sign(s), including, length, width and square footage of the sign face, and the height of the sign above grade.

7. How will the sign(s) be illuminated?
