**Subject:** Holmes Run Trail Repairs Stakeholder Group Update # 9 - Charles E. Beatley, Jr. Bridge Resurfacing Project (Schedule Update)  
**Date:** Friday, June 10, 2022 1:51:08 PM  
**Importance:** High

---

To: Holmes Run Trail Repairs Stakeholder Group (BCC)

Please be advised that due to material shortage, the completion of the resurfacing of the Charles E. Beatley, Jr. Bridge has been delayed. It is anticipated that the necessary material will arrive early next week, and the bridge will then be reopened to the public within one to two days following the final installation of the topcoat, weather permitting.

To ensure public safety, the bridge will remain closed to the public. Park and trail users will continue to be detoured to Duke Street and to the Ripley Street bike and pedestrian bridge to cross the Holmes Run Stream. We apologize for the inconvenience.

Trail users are encouraged to only use the established detour routes when using the Holmes Run Trail from Eisenhower Avenue west to Holmes Run Parkway. Please forward this email to other interested stakeholders, and you may refer individuals to [Jack.Browand@alexandriava.gov](mailto:Jack.Browand@alexandriava.gov) to be added to the Holmes Run Trail Stakeholder email group.

Sincerely,  
Jack Browand
