

MEMORANDUM

DATE: JUNE 16, 2022

TO: PARK AND RECREATION COMMISSION MEMBERS

**FROM: MARGARET ORLANDO, DIVISION CHIEF & LAURA DURHAM,
DEPUTY DIRECTOR, RECREATION SERVICES DIVISION**

SUBJECT: PARK AND RECREATION COMMISSION DIVISION UPDATE ITEM

2021-2022 OSTP Update:

The school year is closing on June 10 with RPCA making an immediate turnaround to summer camps on Monday, June 13. Recruitment and hiring are still in progress for both the summer program and for the upcoming school year. There has been an increase in the number of applicants and staff are working diligently to both prepare for summer and continue to interview and hire as quickly as possible. Summer camp will run the traditional 8-week session through August 5. There are two holidays this summer, Juneteenth on June 20th and Independence Day on July 4. Summer meals will also begin on June 13 at RPCA program locations and additional community programs (Campagna, Boys & Girls Club, ARHA) when those organizations begin operation. Most sites will provide breakfast and lunch.

After several meetings with ACPS transportation, it appears that we will have buses to take field trips this summer. The drivers for the full summer are not yet assigned until ACPS meets with drivers on Monday, June 20th to pick their summer school routes. We will have more detailed information after that meeting.

The first day of pre-registration for families in need of financial assistance for the upcoming school year after school programs will be June 13 and continue through June 18. Families may apply online or at the recreation centers. Eligible families will be contacted to complete the full registration process by June 28. General registration for remaining openings will begin online only on June 29 after which registration may be done online or in-person until program locations meet maximum enrollments. In discussions with ACPS transportation, they may not have the resources to transport large numbers of children to alternate sites if they are unable to register at their assigned school or prefer to register at a different location. RPCA does not have after school programs at all school locations, so families are dependent on school transportation to attend program locations at sites other than their assigned school. This could impact enrollment

at several locations including Armstrong, Patrick Henry, Ramsay, and Nannie Lee who have children transported from Barrett, Mt. Vernon, Polk, Ferdinand T. Day, and Lyles Crouch. Many of these children are not eligible for school transportation based on their assigned school and must be added to routes in the afternoons.

ARPA Enhanced Enrichment Programming

RPCA received funding to provide enrichment programs at several recreation centers designated by the school free/reduced meal percentage of 50% or higher. Centers that are already receiving enhanced enrichment through our partnership with ACPS 21st Century grants funding LINK Clubs were not included in the ARPA program. William Ramsay, John Adams, Leonard Armstrong, Mt. Vernon, and Charles Houston were the designated centers. Three eight-week sessions were offered in the fall, winter, and spring with one or two meetings per week. All the children enrolled in the five OSTP centers participated by age groups in the sessions which rotated from center to center so the children had a different experience in each session. The enrichment programs were chess, performing arts, visual arts, STEM, creative movement, fitness, and music. In all, 425 children engaged in these enhanced enrichment opportunities over the course of the school year.

Program Wrap-ups:

- Memorial, Warwick, and Old Town Pools opened Memorial Day Weekend

- On Saturday, May 4, RPCA held its annual RecFest. The event was an exciting, fun-filled indoor event that was moved from the Armistead Boothe Park (520 Cameron Station BLVD) to indoors to the Tucker Elementary School due to the heavy rain. The event took place from 10:00am to 2:00pm. and had representation from different city agencies and departments, vendors, and presenters of short demonstrations. Along with the exciting atmosphere, Ms. Linh Lee, fitness instructor from Patrick Henry and Rodney Bates conducted short fitness demonstrations. We also had a dance performance from the Patrick Henry youth.

- On May 19, Rodney Bates represented Patrick Henry Recreation Center in taking part in the Senior Health and Fitness Fair at the Lee Center from 10am to 12pm. The Body Part Aerobic fitness demonstrations took place in the Gold Room. The event was well attended by the Seniors.

- On May 18, the Patrick Henry Recreation Center held the Pop-up Rec for the families and youth in the community. Participants enjoyed the outside games, arts and crafts, and other fun activities. There was music, laughter and the youth participated in a fun scavenger hunt for the goal coins. The more coins they found the more prizes they were able to buy.

- On June 8, the Charles Houston Advisory Council highlighted the beginning of the 2022 Summer Coding Classes for Kids and Teens. The event featured remarks from Mayor Justin Wilson, Vice Mayor Amy Jackson, and State Senator Adam Ebbin. There was a check presentation for \$25,000 from the AT&T Foundation for support of Computer Coding Classes at Charles Houston Recreation Center.

- RPCA boxercise instructor, Tony Suggs, was featured by channel 7 news. The story explained how Mr. Suggs is inspiring others to reach new heights. <https://wjla.com/news/local/local-boxing-legend-tony-suggs-teaching-life-lessons-alexandria-boxercise-class-drugs-sudden-infant-death-syndrome-sids-virginia-olympics-drugs>

- On June 10, the ESL program for Afghan Refugee's at the William Ramsay Recreation Center wrapped up their intensive 4-week ESL program. Implemented by Fresh Start Refugee, over 40 participants were split into beginner and intermediate classes. A small ceremony was held, and an Afghan flag was presented by the students to the Rec Center to be hung in the lobby. Students will be transitioning into a summer session that will also be held at the Rec.
- Recreation Services partners with several senior program organizations in the city by participation in the Successful Aging Committee which offers several exciting activities for some of our more mature residents. On May 13, the committee partnered with the Alexandria High School Student Government Association to host an intergenerational dance in the high school cafeteria from 7-9pm. Participants were bused from senior centers and senior residential buildings to the program by the Division of Aging and Adult Services. Around 80 seniors and 30 students had a great time dancing and socializing. The committee also hosted the Senior Health and Fitness Fair held at Lee Center on May 19 with a guest speaker on fall prevention, break-out sessions on nutrition and exercise, blood pressure and glaucoma screenings, and a Covid-19 vaccine clinic. There were over 100 in attendance.

Program Updates:

- Jaden Johnson was recognized by the Alexandria Sportsman's Club as the Recreation Department Athlete of the Year at their annual awards ceremony on Tuesday, May 31. Jaden participates in track & field, basketball, and tackle football. At the annual Alexandria City Track & Field Meet held at ACHS, Jaden placed first in his age group in the standing long jump, 100 Meter Dash, 200 Meter Dash and helped his relay team place first as well. This past basketball season, Jaden played in the 10U American Division for the Leonard "Chick" Armstrong Recreation Center. He helped his undefeated team advance to and win the 10U City championship. As a member of the 10U Alexandria Titans tackle football program, Jaden played running back and safety and lead the team to the Virginia American Youth Football Alliance (VAYFA) championship game. Because of his tremendous play throughout the season, Jaden was selected to represent VAYFA in the All-Star game in Florida after the season.

- Yoga on the Waterfront starting June 9 to August 27. Class will meet Thursdays at 6:30p and Saturdays at 8:30am. Drop-In fee \$12.
- Department Summer Camp update: \$926,217.85 in revenue, and 69 camps filled.
- Chinguapin summer camps started June 6 with Preschool Swim and Tot Tennis Camp.

Upcoming Events:

- World Largest Swim Lesson- June 23
- Charles Houston Coding class will take place this summer at Charles Houston Recreation Center for youth and teens. Offering a 6-week animation & interactive games with Scratch for children between the age of 8-11. As well as a 6-week Introduction to Programming with Python for all middle and high school age students.
- The Hammond Link Club will relocate to the William Ramsay Recreation Center for the month of July. Up to 60 students per night (T, W, Th) will participate in various sport and enrichment activities.

Special Features:

- Tennis court reservations are now available online using the WebTrac system. Online tennis court reservations started on Friday, June 3. Customers can view court schedules and reserve tennis courts at least one day in advance and for a maximum of seven days in advance.
- Skylight replacement began at Chinguapin. The new skylights will improve Chinguapin's appearance, longevity, bird-safety, and energy efficiency.

- On May 18 and 19, Rebuilding Together DC Alexandria held the William Ramsay Recreation Center revitalization. The Center saw new cubbies for kids' backpacks, new benches, cabinets, outdoor painting of railings, playground stencils, murals of flowers

plants, and buildings from the home countries of Rec families, as well as a multi-lingual welcome wall were done. The final work will be completed on June 22, which will be a serene forest scene for the new community help room.

Staff Updates:

- Kamdan Stubblefield, Alexis Stubblefield, and Roxy Guandique promoted to Pool Manager. Justice Smith promoted to Manager on Duty.
- Kenia Zelaya and Nathan Patterson were promoted to Recreation Leader III, Manager on Duty at Patrick Henry Recreation Center.
- RPCA hosted another Communications Course for 15 city staff and commission members. Lindsay Burneson and Shawn Brown facilitated the three-day course for staff from RPCA, T&ES, City HR, General Services, Kids First Years, and the chair-elect for the Children, Youth, and Family Collaborative Commission. Participants learned about their individual communication profiles, reflective listening, effective confrontation, and more. They join over 60 other city employees that have gone through this course.

City of Alexandria, Virginia

MEMORANDUM

DATE: JUNE 14, 2022

FROM: JACK BROWAND, DEPUTY DIRECTOR - PARK SERVICES, RPCA

THROUGH: JAMES SPENGLER, DIRECTOR, RPCA

SUBJECT: PARK OPERATIONS MONTHLY UPDATE

1. PARK AND FACILITIES MAINTENANCE

a. Park Maintenance

- Lake Cook, on June 7, 2022 in celebration of National Fishing and Boating week. The Recreational Boating & Fishing Foundation hosted a lake clean-up removing four bags of trash and debris.
- Sod repair was done at Frank Mann Field.

b. Park Facilities Maintenance

- Installed several wall toys for the Therapeutic Rec at Nannie J. Lee center.
- Continued warehouse enhancements at 2900 Business Center Drive.
- Continued irrigation turn-on and repair.

2. URBAN FORESTRY & HORTICULTURE

a. Urban Forestry

- Urban Forestry said goodbye to John Marlin.
- Forestry is receiving more emergency calls now that the trees have leafed out and it is raining more.

b. Horticulture

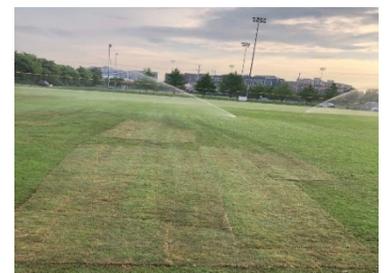

- Board monthly meetings for both Holmes Run Gardens and Chinquapin Community Gardens have been held for the 2022 season beginning in March, with staff attending. The driveway area at Chinquapin Garden has been scheduled for repair work through Park Planning and will be done June 13. All gardens are rented at Holmes Run,

Lake Cook clean-up.

Frank Mann Field before sod repair.

Frank Mann Field after sod repair.

Chinquapin has one recent open plot staff is working to fill. The first monitoring session was held at both Gardens in April.

3. NATURAL LANDS MANAGEMENT

a. Invasive Plant Management and Ecological Restoration

- Staff pulled and bagged acres of Garlic Mustard from Fort Williams Park, as well as non-native invasive weeds at Timberbranch Parkway, Beverly Park, and Hillside Park.
- Staff supervised our contractor, Invasive Plant Control (IPC), in the treatment of Porcelain-berry, English Ivy, bamboo, privet, Mimosa, Callery Pear, Bush Honeysuckle, and other non-native invasive weeds at Potomac Greens Park, Russell Road Easement, and Beverly Park.

b. Cooperative Initiatives

- On May 10, 2022, City Natural Resource Manager gave "Preserving Oak Diversity in Northern Virginia and the Greater D.C. Region" PowerPoint, via Zoom, for the Tree Stewards Arlington and Alexandria Training. App. 50 in attendance.
- Natural Lands Management & T&ES Stormwater Management jointly initiated a Stream Monitoring Program to discuss and establish best practice protocols for sampling and monitoring water quality, aquatic wildlife, and other activities in Alexandria's streams and wetlands.
- Staff assisted Four Mile Run Conservatory Foundation in the implementation of an Eagle Scout Project on May 14, 2022, in planting 75 Broadleaf Arrowhead, 75 Arrow-
arum, and 75 Pickerelweed in the Four Mile Run Park tidal cove.
- On June 9, 2022, Monticello Park was dedicated as an old-age forest community as part of the Old-Growth Forest Network. A dedication ceremony was held at the park with a number of residents and stakeholders, including Friends of Monticello Park, Northern Virginia Conservation Trust, North Ridge Civic Association, and others.

c. Environmental Review

- Staff reviewed a proposal by George Mason University Urban Ecology and Conservation Program to install wildlife cameras at 3 City parks.

4. JEROME "BUDDIE" FORD NATURE CENTER

Wall toy @ Nannie J Lee.

Wall toy @ Nannie J Lee.

Floor markings @ 2900BCD.

Tree emergencies in Alexandria during the month of May.

Additional tree emergencies in May.

a. Programs/Updates:

- There was a total of 530 general visitors to the Nature Center during the month of May. There were 31 interpretive programs attended by 531 participants.

School Programs:

During the month of May there were 35 school programs conducted for a total of 452 students. ACPS schools taking part in SOL programs this month included William Ramsay, Mt. Vernon, Charles Barrett, Cora Kelly, Polk and Tucker Elementary Schools. Highlights included:

- More than 100 kindergarten students from Charles Barrett Elementary learned about the five senses and how different animals use them.
- 2nd graders from Polk Elementary visited the Nature Center to learn about “Animal Life Cycles” and 45 students had the chance to meet a box turtle and take a nature hike in the Dora Kelley Park.
- Eight classes of 1st graders from Tucker and Mount Vernon Elementary schools attended programs on ‘Ecosystems’ and ‘Oceans’ respectively to learn about the interconnectivity of life and the complex life of the oceans.

Outreach Programs:

- This month’s recreation center programs focused on eggs. A total of 116 students from Charles Houston, Patrick Hennery and William Ramsay Rec Centers learned why animals lay eggs, what types of animals lay eggs and the similarities and differences between eggs from different species. Students also learned how eggs keep baby animals safe. Students did a craft where they made their own hatch egg.
- Staff from the Nature Center tabled at Community Cookouts, hosted by the Alexandria Police Department. We took informative displays and some of our ambassador animals to neighborhoods throughout Alexandria.
- Waterfront outreach took place with a Nature Center staff stationed at the Torpedo Factory. May’s program was “Who lives in these Waters?” which focused on native fish and invertebrates as well as invasive species and improving water quality.
- Nature Center staff also participated in the ACPS’s ‘RecFest’ taking environmental education displays and animals to engage with event participants.

Onsite Programs:

Plaque dedicating Monticello Park as an Old-growth Forest Network Community Forest site.

Mountain Laurel in bloom.

Tulip Tree flower.

Kindergarteners from Charles Barrett Elementary got a close-up look at our corn snake.

- On Saturday May 21, Stormwater expert Jessica Lassetter from the City’s Transportation & Environmental Services area hosted a ‘Rain Barrel Workshop’ at the Nature Center. 20 adult participants learned about the benefits of rain barrels and had the opportunity to make their own barrel to take home for use in their gardens.
- Volunteers from the Northern Virginia Master Gardener/Naturalist group hosted two informational workshops at the Nature Center in May. The first was a hands-on session “Introduction to Container Gardening”, the second a virtual workshop on “Mosquito and Tick Management.’ The events were attended by 14 participations.

b. Volunteers Hours:

- One animal care volunteer reported 17 hours.
- One pollinator garden volunteer reported 11 hours.
- 24 volunteers from Fannie Mae and Rebuilding Together, Alexandria reported 5 volunteer hours each. On May 18-19th these volunteers worked with the NVMG group to weed and prepare the Nature Center’s pollinator garden for Spring planting and mulched the Nature Trails in Dora Kelley Park.

c. Noteworthy:

- Registration for the Nature Center’s upcoming Summer Camp program is strong with all programs now at or above capacity.
- Environmental education staff from the Nature Center developed and led a specialist interpretive training program for improving engagement with visitors to the Center.

Students from James K. Polk meeting a box turtle during their Life Cycles program.

Participants in the workshop busy constructing their rain barrels.

Volunteers from Fanny Mae work to mulch the Dora Kelley Park nature trail.

MEMORANDUM

DATE: JUNE 16, 2022

TO: PARK & RECREATION COMMISSION MEMBERS

FROM: JACK BROWAND, DEPUTY DIRECTOR, PARK SERVICES
RECREATION, PARKS & CULTURAL ACTIVITIES

ITEM 6.E: ATHLETIC FIELD LIGHTING PROPOSAL

98

ISSUE: The Department of Recreation, Parks & Cultural Activities recommendation to pursue the lighting of six fields at five locations in the City.

RECOMMENDATION: The Department of Recreation, Parks and Cultural Activities (RPCA) will seek Special Use Permit (SUP) approval for the installation of athletic field lighting at six (6) athletic fields: Francis Hammond Middle School; Jefferson Houston K-8 School; Patrick Henry K-8 School & Recreation Center; George Washington Middle School and Eugene Simpson Park (2). Athletic field lighting combined with synthetic turf provides for up to approximately 1,100 additional hours of use per field annually.

DISCUSSION: RPCA has begun a community engagement program for the proposed installation of athletic field lighting at multiple athletic fields in the City. The addition of athletic field lighting will provide additional capacity to accommodate current and increasing scholastic and community program needs within the City's fixed field resources. The project will support the City Council 2022 Community Priority to Support Youth and Families by expanding for capacity for youth programs, and the City's goal of providing equitable access to facilities and services.

City Council approved funding for the lighting of two athletic fields, pending Special Use Permit approval by the Planning Commission and City Council, in FY 2023 (July 1, 2022-June 30, 2023). The lighting of additional fields, pending permit approval and approved funding, would be implemented over a three-to-five-year period. The locations under consideration include:

1. Francis C Hammond Middle School
2. Patrick Henry K-8 School & Recreation Center
3. Jefferson Houston K-8 School
4. George Washington Middle School *
5. Eugene Simpson Stadium Park

RPCA is currently engaging the community and providing information as follows:

- May 16 - June 30: Individual Community Group Meetings
 - June 9: Seminary Hill Civic Association
- June 2: ACPS Schoolboard Update (completed)
- June 8: Community Meeting #1 (completed)
- June 13: Youth Sports Advisory Group (completed)
- June 16: Park and Recreation Commission
- June 21: Community Meeting #2
- July 21: Park & Recreation Commission Public Hearing
- Sep/Oct: Planning Commission Public Hearing
- Sep/Oct: City Council Public Hearing
- Community comments will be received through July 13 at Jack.Browand@alexandriava.gov
- Project Website: <https://www.alexandriava.gov/parks/project/2022-athletic-field-lighting-proposals#CommunityEngagement>

FISCAL IMPACT: \$804,000. Lighting of two synthetic turf rectangular fields in FY 2023 pending FY 2023 budget and SUP approvals.

cc: James Spengler, Director, Recreation, Parks & Cultural Activities
Bethany Znidersic, Division Chief, Park Planning & Capital Projects, Park Services

Park & Recreation Commission -Park Planning Report

June 16, 2022

Project	Project Description	Monthly Update	Status	Planning District	Target Completion Date	Assigned To	
1	Safety Surface Replacement Projects	Address playground safety surface end of life replacements.	Replacement of the playground surface at Landover Park is scheduled for June 20 - July 1. During this time Landover Park will be closed.	Implementation	Citywide	12/30/22	Judy Lo
2	NOVA Cameron Run Regional Park Sport Court	Purchase of a portable sport court to support programming during pool off season, includes storage container (FY21 carryover)	The proposed design is complete and a quote was received. A meeting with NOVA Parks is scheduled in June to present the project and identify any issues with the proposed design.	Planning	Citywide	06/30/22	Daniel Unkle
3	Witter Recreational Fields Netting	Netting along Witter Drive on the Rectangular Fields	The City has received the donation from the Alexandria Soccer Association and it will be included on the June Supplemental Appropriations Ordinance. The project funds are anticipated to be available by the end of August 2022.	Planning	District 1	12/30/22	Daniel Unkle
4	Colasanto Interactive Fountain Design	This project will convert the existing closed Colasanto Pool to an interactive fountain per the 2012 Aquatics Plan. The renovated site will be an intergenerational, inclusive, multi-functional site that can be used year round.	The project team presented the final plan to the Del Ray Citizens Association on June 8, 2022. The final regulatory plan submission is anticipated in June 2022. The public art lighting, infrastructure, and supporting footers will be incorporated with the final plan submission and included in the construction package.	Planning	District 2	06/30/22	Bethany Znidersic
5	Four Mile Run Park Trail Bridge	This project will replace the existing bridge in Four Mile Run Park near the parking area for the two diamond fields at the end of Commonwealth Avenue.	Preliminary soil analysis and engineering assessment for bridge abutments are expected to be received in mid to late June. Bridge replacement funding was approved in the FY 2023 budget.	Planning	District 2	12/30/22	Jack Broward
6	MacArthur School Recreation Programming Space Construction	New recreation office and program space at Douglas MacArthur School	Anticipated completion of the project continues to be July 2023. Construction activities to complete the Patrick Henry School and Recreation Center field, parking lot and other site work anticipated to begin July and August 2023 with substantial completion in summer 2024.	Implementation	District 3	12/30/22	Jack Broward
7	Stevenson Dugout Replacement	Install two baseball dugout structures and associated grading and stormwater management.	The Purchase Order was approved for the project. Plans were submitted to Planning and Zoning for regulatory review routing and Site Plan Amendment approval. An update for internal staff members is planned in June.	Planning	District 3	11/30/22	Daniel Unkle
8	Patrick Henry Outdoor Improvements	Project reduced to completion of Lathan St. amenities due to MacArthur Swing Space determination.	65% Design drawing completed for redesign of synthetic turf field to accommodate athletic sport lighting and specifications for BMP compliance. Construction procurement for the completion of the approved project to begin in fall 2022, award in winter 2023, construction start summer 2023, and substantial completion anticipated summer 2024.	Implementation	District 3	08/31/24	Jack Broward
9	Fort Ward Park Picnic Shelter Access Improvements	Provide barrier free accessible route that connects picnic shelter, picnic tables, and parking. The ADA accessible path will also connect to the sidewalk on Van Dorn Street	Construction on the project continues. Underdrain systems are 75% complete. The pathway formwork is installed and installation of pavers will begin in June starting from Van Dorn Street.	Implementation	District 3	09/15/22	Judy Lo
10	Hensley Park Renovation	This project will renovate Hensley Park based on the Citywide Parks Improvement Plan concept (2014).	100% drawings were submitted in June. City staff are conducting their regulatory reviews. Initial work is in progress for the Phase I	Planning	District 3	12/01/23	Bethany Znidersic
11	Forest Park Bridge Design	Construction to stabilize the footbridge behind MacArthur School	Scoping work for design and environmental permitting will begin	Initiation	District 3	12/30/22	Judy Lo
12	High School Project	This project is a complete rebuild of the Alexandria City High School Minnie Howard school and athletic complex. The project includes the addition of an aquatics center for high school sanctioned aquatics sports and separate training pool. Outdoor athletic amenities include lighted rectangular field, tennis courts and basketball court; walking loop; and stadium seating.	Construction activities are scheduled to begin April 18. Utility disconnects completed. Staff have removed items for use at other locations.	Implementation	District 3	09/01/24	Jack Broward
13	AL Boothe Synthetic Turf Field Conversion	This project will convert the natural turf field in Armistead L. Boothe Park to synthetic turf.	The Health and Safety Plan has been developed and the 100% plan submission is anticipated to be submitted for City regulatory review in June. Construction procurement is anticipated this summer/fall. Construction timing will be coordinated with Rec Services to minimize impacts to the community.	Planning	District 3	05/02/22	Bethany Znidersic
14	Beatley Bridge Surface Repairs	This project will provide a resurfacing to the bridge and improve drainage.	Due to material shortage, the project completion is delayed until week of June 13 weather permitting.	Close-out	District 3	06/30/22	Jack Broward
15	Holmes Run Trail Repairs Construction	This project includes the restoration of four sections of Holmes Run Trail damaged and closed following July 2019 heavy rains.	Contract finalized for design and notice to proceed was issued in January 2022. Design kickoff meeting occurred in January 2023 with survey work to begin in February 2023. Design is scheduled for completion in one year.	Planning	District 3	12/29/23	Jack Broward
