FY 2025 Proposed Operating Budget & CIP
Budget Questions & Answers**

March 27, 2024

Question:

How many Clean Teams are proposed in the FY 25 budget?

Response:

The Clean Teams initiative is a pilot program. Funding in the FY 2025 proposed budget was placed in contingent reserves to allow staff time to design the specifics including how the teams would be structured and how they would coordinate with existing City maintenance activities and volunteer efforts. The number of teams has not yet been determined.
